Professional summary

I study Information Technology Management at Fatec Franco da Rocha – Giuliano Cecchettini.

I worked in IT support at Instituto Alpha de Saúde Integral and in help desk support at Lukos Tecnologia.

I also worked on fiber optic installation at RealFort Sistemas.

I value simple, robust solutions, clear code, and security by default. Whenever possible, I consider open-source technologies the better choice for their transparency and auditability.

Professional experience

Fiber Optic Installation Assistant

Contractor

Company: RealFort Sistemas

Installation and maintenance of FTTH networks and radio links. I laid drop cables and terminated SC/APC connectors. I joined fibers using connectors. I performed fusion splicing as an apprentice. I worked on overhead networks at commercial and residential sites.

I assembled RJ45 connectors. I installed and configured ONUs, ONTs, and routers with PPPoE, Wi-Fi, and mesh networks.

I diagnosed issues using measurements from an optical power meter and OTDR and checks with a VFL. I identified and resolved network problems.

Help Desk Support Technician

Company: Lukos Tecnologia

Period: September 2025 – December 2025 · São Paulo, Brazil

I provided L1 support for enterprise resource planning (ERP) and point-of-sale (POS) system users. I configured systems according to customer requirements and needs. I escalated tickets to other support levels.

I remotely diagnosed and resolved problems in the proprietary system, customer networks, and customer devices. I trained and guided customers in using the system.

I processed and analyzed NF-e and NFC-e, Brazilian electronic invoices. I checked data integrity and identified inconsistencies.

IT Support Technician

Company: Instituto Alpha de Saúde Integral

Period: April 2023 – June 2024 · São Paulo, Brazil

I provided L1 and L2 support for hospital systems. I diagnosed, resolved, and tracked incidents. I trained and guided users.

I performed preventive and corrective maintenance on desktop computers, laptops, and peripherals. I installed, configured, and maintained printers.

I wrote technical documentation, internal reports, user manuals, and standard operating procedures (SOPs).

I managed and organized IT assets. I managed Microsoft Active Directory.

Projects

This portfolio

Personal project

Website developed with HTML and CSS, with performance and accessibility optimizations. It is available in five languages, with light and dark themes and print styles.

The project uses GitHub infrastructure. GitHub Actions publishes the site on GitHub Pages.

Technologies — HTML · CSS · Git · GitHub · GitHub Actions · GitHub Pages

Development and quality — Development with AI agents · Technical documentation · Web accessibility · Responsive design · Performance optimization · Image optimization · Multilingual websites · Interface testing · HTML validation

Management and collaboration — Scope management

Source code for this portfolio

Optigrow

Joint project · Digital market in Portugal

Optigrow is my first project with my business partner and friend Rodrigo Nascimento. We developed the project collaboratively.

We studied the digital market in Portugal. We created a website for marketing and technology services for optical stores in the Porto area.

Technologies — Google AI Studio · Supabase · Vercel · GitHub

Development and quality — Technical documentation · Web forms · Infrastructure preparation

Management and research — Collaborative development · Market research

Optigrow private repository

Meet Rodrigo Nascimento

SGCS — Sistema de Gestão de Chamados para Síndicos

Academic project · Minimum viable product (MVP) in development

Our team at Fatec Franco da Rocha is developing academic research and a simple, accessible application for professional condominium managers in Brazil.

The project considers the sector's professionalization and potential requirements of future regulation, which is still under discussion in Brazil's National Congress.

I manage the project, coordinate the team, and track deadlines and deliverables. I also administer and integrate the work tools.

Development technologies — Google AI Studio · Firebase · Vercel · GitHub

Software development — Software engineering · Requirements engineering · Requirements gathering · Functional requirements · Nonfunctional requirements · Process modeling · Technical documentation · Prototyping · Tool evaluation

Academic research — Applied research · Literature research · Case study · Field study · Interviews · Questionnaires · Qualitative data analysis · Content analysis · Ishikawa diagram

Market research — Market research · Persona definition · Empathy map · Needs analysis

Management and collaboration — Project management · Activity planning · Scope management · Team leadership · Deliverable management · Tool integration · Collaborative development

Management and research tools — Google Drive · Microsoft Word · Microsoft Teams · Trello · Google Scholar · ResearchGate · WhatsApp · Canva

Project technologies and skills describe the context of the work. Individual and team contributions follow the descriptions.

Education

Institution: Fatec Franco da Rocha – Giuliano Cecchettini

Brazilian higher education technology program in Information Technology Management

Start: July 2024 · Expected completion: July 2027

According to the Course Pedagogical Project (PPC).

Planned degree content

Management and business — Solution evaluation · People management · Process management · IT project management · Financial management · Strategic planning

Research and interpersonal skills — Communication · Negotiation · Conflict management · Critical thinking · Academic research · Problem solving · Teamwork · Systems thinking

Technology and systems — Databases · Infrastructure diagnostics · Software engineering · Business intelligence · Web programming · Computer networks · Operating systems

Courses and certificates

Management and productivity

Microsoft Office Specialist Associate — SENAI São Paulo — Escola Hermenegildo Campos de Almeida
SENAI course · 60 h · Completion: 25/07/2026 · Issued: 30/07/2026

Formação White Belt Six Sigma — RL&Associados
Introductory training · 2 h · Issued: 17/04/2026

Como Controlar o Fluxo de Caixa — Sebrae
Course completion · 10 h · Completion: 09/01/2026

Gestão Financeira — Sebrae
Course completion · 10 h · Completion: 29/12/2025

Introdução à Matemática Financeira: Regimes de Capitalização — Fundação Getulio Vargas — FGV Online
Participation · 8 h · Issued: 20/12/2025

Excel Básico — SENAI São Paulo — Escola Hermenegildo Campos de Almeida
Course completion · 40 h · Completion: 02/09/2025 · Issued: 04/09/2025

Introdução à Gestão de Projetos — Fundação Bradesco — Escola Virtual
Course completion · 10 h · Completion: 18/03/2025 · Issued: 18/03/2025

Inovação em Gestão de Projetos — Sebrae
Course completion · 10 h · Completion: 19/01/2025

Indicadores Estratégicos - Descomplica — Sebrae
Course completion · 12 h · Completion: 27/11/2024

19ª Edição da Escola de Inovadores (2024-2) — INOVA CPS — Centro Paula Souza
Participation · 40 h · Issued: 11/11/2024

Programming and data

JavaScript Essentials 1 — Cisco Networking Academy, in collaboration with OpenEDG JavaScript Institute
Course completion · Issued: 16/05/2026

Modelagem de Dados — Fundação Bradesco — Escola Virtual
Course completion · 8 h · Completion: 25/11/2025 · Issued: 25/11/2025

Python Essentials 1 — Cisco Networking Academy, in collaboration with OpenEDG Python Institute
Course completion · Issued: 22/03/2025

AI Fundamentals with IBM SkillsBuild — Cisco Networking Academy, in collaboration with IBM SkillsBuild
Course completion · Issued: 05/11/2024

Networks

Redes de Computadores - Implantação de Redes Locais — SENAI São Paulo — Escola Hermenegildo Campos de Almeida
Course completion · 48 h · Completion: 13/05/2026 · Issued: 15/05/2026

IT support

Computer Hardware Basics — Cisco Networking Academy
Course completion · Issued: 18/02/2025

Organization and development

Planeje Suas Metas e Resultados — Sebrae
Course completion · 2 h · Completion: 25/11/2024

Skills and abilities

Technical skills (Hard skills)

Management and productivity — Canva · Compounding · Cash flow · Project management · Financial management · Google Drive · Strategic indicators · LibreOffice · Process improvement · Agile methodologies · Microsoft Excel · Microsoft Office · Microsoft Teams · Office 365 · OneDrive · Goal planning · Scrum · Trello

Operating systems — Microsoft Windows · Windows 10 · Windows 11 · Microsoft Windows Server · Windows Server 2008 R2 · Windows Server 2016 · Linux · Debian · Ubuntu

Programming and data — Machine learning · Artificial intelligence (AI) · JavaScript · Programming logic · Data modeling · Python

Introductory knowledge of machine learning, according to the training completed.

Development with AI — OpenAI ChatGPT · Codex (OpenAI) · Claude · Claude Code · Development with AI agents · OpenCode

Software development — Agile development · Waterfall development · Specification-driven development · Prototyping · Minimum viable product (MVP)

Databases — SQL queries · PostgreSQL · SQLite

Networks — Network cabling · Drop cable · Router configuration · Radio links · FTTH · Fiber optic fusion splicing, apprentice · Optical power meter · ONT · ONU · OTDR · PoE · PPPoE · Local area networks (LAN) · Mesh networks · RJ45 · SC/APC · VFL · Wi-Fi · Cable management · Network switches · Servers · Pole preparation for fiber installation · Optical termination box (CTO) maintenance

Network systems — OpenWrt · OPNsense · pfSense

IT support — Technical documentation · Ticket escalation · IT asset management · User manuals · Computer maintenance · Printer maintenance · Peripheral maintenance · NF-e · NFC-e · User guidance · Standard operating procedures (SOPs) · Incident resolution · ERP support, L1 · POS support, L1 · Help desk support, L1 · Hospital IT support, L1/L2 · Microsoft Active Directory

Web — Web accessibility · CSS · Git · GitHub · GitHub Actions · GitHub Pages · HTML · Multilingual websites

Web servers — Apache HTTP Server · NGINX

Development and hosting platforms — Amazon Web Services (AWS) · Firebase · Microsoft Azure · Supabase · Vercel

Languages — English, TOEIC Listening & Reading 910 · Brazilian Portuguese

English — TOEIC Listening & Reading

ETS — Educational Testing Service. Test administered under the auspices of Centro Paula Souza

Total: **910 points** · Listening: 450 · Reading: 460

Test: 26/02/2025 · Score valid until: 26/02/2027

Interpersonal skills (Soft skills)

Organization and development — Adaptability · Attention to detail · Analytical thinking

Relationships — Communication · Understanding customer needs · Teamwork

Practical and operational skills

Fieldwork and tools — Fiber cleaver · Power tools · Hand tools · Fusimech · Fiber optic fusion splicer · Tool organization · Supply organization · Work at height

Driving — Car driving · Motorcycle riding · CNH AB · International Driving Permit (PID, Brazil)

The CNH is the Brazilian driver's license. Category AB covers cars and motorcycles. The International Driving Permit (PID) is accepted in 98 countries.
